China Scholarship Council 10 PhD Studentships Available

THE SCIENTIST • 2010

The Research Assessment Exercise 2008 ranked Life Sciences at Dundee among the top 5 institutions in the UK

The College of Life Sciences can offer up to 10 PhD studentships and waiving of all tuition fees for successful China Scholarship Council (CSC) applicants. The PhD topics should be chosen from the areas listed, and potential applicants should first apply for a College of Life Sciences PhD through the link below. State clearly on the PhD application form that you wish to apply for CSC funding. At the time of applying to the CSC, applicants must have already received:

- an unconditional offer from the University of Dundee
- confirmation from the University of Dundee that tuition fees will be waived on gaining a CSC scholarship
- a recommendation from the applicant's home (Chinese) university

Applicants should meet the English language requirements of the University of Dundee.

Deadline for Applications 1 February 2011

We offer a dynamic, exciting environment for Postgraduate Research at the forefront of Life Sciences. The College incorporates the Wellcome Trust Biocentre, the Sir James Black Centre, the MRC Protein Phosphorylation Unit and laboratories from the Cancer Research UK Cooperative Centre.

The quality of facilities and equipment is exceptional and there exists many strong links with industry. Dundee combines a high quality of life with a low cost of living.
